E TECH GROUP

"I could talk to the longer-term visions with E Tech … E Tech comes in with a much wider scope. They're not just looking at what the plant wants them to do, they're looking for other automation opportunities."

Brian M., one of the largest food manufacturers in the U.S.

ABOUT E TECH GROUP

E Tech Group is one of the largest engineering and system integration firms in the United States. With resources throughout North America and more than 600 team members and over 450 engineers, we provide automation, control, and information solutions focused on:

- Life Sciences
- Consumer Products
- Food & Beverage
- Material Handling
- Mission Critical
- Mining and Aggregates
- Metals
- Advanced Materials

Map Legend
- Office
- UL508 Panel Shops
- 50+ Team Members
- 10-49 Team Members
- 1-9 Team Members
- Supported Area

PARTNERS AND CERTIFICATIONS

CONTROL ENGINEERING 2025 System Integrator of the Year PLANT ENGINEERING

csia CERTIFIED

RA PLATINUM System Integrator A ROCKWELL AUTOMATION PARTNER

Ignition Premier Integrator

AVEVA ENDORSED System Integrator — Endorsed Operate

Solution Partner — Automation Drives — SIEMENS

Alliance Certified System Integrator — Schneider Electric

vmware PARTNER PREMIER SOLUTION PROVIDER

PMI Project Management Institute

TÜV FS Engineer ID-No.:0000/00

Beyond Automation and Control

E Tech Group offers a comprehensive suite of services to support our clients' unique needs:

ROBOTIC INTEGRATION
Traditional & Collaborative Robots
- Pick & place
- Bin picking
- Case erection
- Packaging
- Palletizing
- Specialized & custom applications
- Automation of manual tasks to reduce labor requirement
- Integrated vision solutions
- Integrated material handling
- Complete robotic cells
- Autonomous robotic solutions

MATERIAL HANDLING
Conveyance & Sortation Solutions
- Standard & High-Speed Solutions
- Belt, V-Belt, Gravity, Live Roller, & MDR
- Process/Batching Automation Product, Package & Pallet Handling
- Barcode & RFID Solutions
- Print & Apply
- Integrated Vision Solutions Autonomous Guided Vehicles (AGV's)
- Machine & Process Simulation
- Automated Storage & Retrieval Systems (ASRS)
- Warehouse Management

SAFETY SOLUTIONS
Ensuring OSHA & TUV Compliance
- Safety Assessments & Mitigation
- Turnkey Safety Solutions - TUV
- Mechanical Mitigation Solutions
- Risk Mitigation
- Validation
- Mechanical Design

CONTROL SYSTEM INTEGRATION
Controlling & Connecting Islands of Automation
- Control System Design, Build, Programming, Installation & Start Up
- Building Management Systems (BMS)
- HMI/SCADA Design, Configuration & Programming
- Alarm Notification
- Plant Data Historians & Reporting
- Simulation & Emulation
- Drive Systems & MCC's
- Motion Control
- Panel Design – Build UL 508A
- Plant Network Design & Implementation
- Electrical & Mechanical Subcontractor Management
- Turnkey and Retrofitting Project Design – Build – Deliver
- GMP Processes & Validation Services

ADVANCED IT/OT SERVICES
Beyond Simple System Integration
- Plant Network Design & Implementation
- Server Configuration and Set-up
- OT Plant Network Assessments
- Data Connectivity & Integration
- Dashboarding & KPI's
- Cybersecurity Assessments & Mitigation
- Active Directory Domain
- Custom Software Development
- Mobile Application Development & Deployment
- Virtualization & Digital Twin Development with Deployment
- Custom Software Development

MANUFACTURING INTELLIGENCE
Turning Data into Usable Information
- Data Analysis and Reporting
- Manufacturing Execution Systems (MES/MOM)
- OEE – Downtime Tracking
- Product Genealogy & Traceability
- Workflow Automation
- Paper to Glass
- Custom Software Development
- Serialization Solutions
- SQL Server Set-up and Implementation

E TECH EXCELS IN SOLVING COMPLEX MANUFACTURING PROBLEMS THROUGH ADVANCED & ADAPTIVE TECHNOLOGY

Robotics

Data Optimization

Automation

Beyond Automation and Control
