

E TECH GROUP

Proven Expertise.
Trusted Execution.
Global Support.

Expanding Capabilities. Elevating Innovation. Enhancing Global Reach.

The E Tech Group Advantage

E Tech Group, the **2025 System Integrator of the Year** and the **first and only enterprise-wide CSIA Certified integrator**, is a trusted leader in automation and system integration. We deliver solutions that drive compliance, efficiency, and operational excellence across critical industries. With **expertise in control systems, SCADA, IT/OT integration, and advanced analytics,** we help clients modernize operations and prepare for the future.

Our team combines deep technical knowledge with industry experience to design scalable solutions that optimize performance, reduce risk, and support sustainability.

Partnering with E Tech Group means gaining a **main automation partner** that can:

- Modernize control and information systems
- Digitize and automate operations
- Build secure, intelligent facilities
- Ensure compliance and maximize ROI

Together, we're shaping the future of automation to be smarter, faster, and more connected.

Global Reach and Scale

Global Presence

- E Tech Group operates on a global scale, with locations across 9 countries and a team of 900+ professionals, including 800+ engineers and technical resources. Our headquarters and extensive network ensure we can support clients wherever they are.

Industry-Spanning Leadership

- E Tech Group partners with leading organizations across **manufacturing, food & beverage, chemicals, material handling, mission-critical facilities, and more.** Our solutions drive efficiency, compliance, and innovation across diverse sectors.

Advanced Expertise Across Key Disciplines

- We provide comprehensive automation and digital solutions including control systems, robotics, IT and OT cybersecurity, and data intelligence to help clients optimize operations and future-proof their facilities.

Beyond Automation and Control

E TECH GROUP

Key Areas of Expertise:

"I could talk to the longer-term visions with E Tech … E Tech comes in with a much wider scope. They're not just looking at what the plant wants them to do, they're looking for other automation opportunities."

Brian M., one of the largest food manufacturers in the U.S.

Robotic Integration

Industrial and Collaborative Robotics

- Pick and place
- Bin picking
- Packaging and palletizing
- Specialized and custom applications
- Integrated vision systems
- Complete robotic cells
- Autonomous robotic solutions

Material Handling

Conveyance and Sortation Solutions

- Conveyance and sortation systems
- Automated Storage and Retrieval Systems (ASRS)
- Autonomous Guided Vehicles (AGVs)
- Barcode and RFID solutions
- Warehouse management systems
- Integrated vision for quality control

Safety Solutions

Ensuring OSHA and TUV Compliance

- Safety assessments and risk mitigation
- Turnkey safety solutions (TUV certified)
- Mechanical design and validation
- Compliance with OSHA and industry standards

Control System Integration

Connecting and Controlling Islands of Automation

- Control system design, programming, and installation
- HMI/SCADA configuration
- UL508A panel design and fabrication
- Plant network design and implementation
- Drive systems and motion control

Advanced IT/OT Services

Beyond Simple System Integration

- Plant network design and cybersecurity
- Data connectivity and dashboarding
- Virtualization and digital twin development
- Custom software development

Manufacturing Intelligence

Turning Data into actionable Insights

- Manufacturing Execution Systems (MES/MOM)
- OEE and downtime tracking
- Product genealogy and traceability
- Workflow automation

Partners and Certifications

Control Engineering 2025 System Integrator of the Year – Plant Engineering

E TECH GROUP CSIA 1st ENTERPRISE CERTIFICATION

PLATINUM System Integrator – A ROCKWELL AUTOMATION PARTNER

Ignition Premier Integrator

AVEVA ENDORSED System Integrator – Endorsed Operate

Solution Partner – Automation Drives – SIEMENS

Alliance Certified – Schneider Electric

vmware PARTNER – PREMIER SOLUTION PROVIDER

TÜVRheinland CERTIFIED

Beyond Automation and Control
